**Andres “Andy” Reyes, MAT, ATC, LAT**

Office: Texas Dome – TD 101

Phone: 806-716-2230

Office Hours: by appointment

Email: areyes@southplainscollege.edu

Care and Prevention of Athletic Injuries (3:3:0): This course will have an emphasis on care and prevention of common athletic injuries and the treatment of athletic injuries. An introduction to athletic training is included.

- I. Purpose: To meet the kinesiology requirements for an Associate in Science degree as well as one requirement for transfer students working toward a bachelor’s degree.
- II. Course Objectives: By the end of this course, the student should be able to recognize and care for common sports injuries, use good judgment in prevention of athletic injuries, handle emergency situations within their capabilities and demonstrate basic taping techniques.
- III. General Course Information:
  - A. Text (Optional): Essentials of Athletic Injury Management, 11<sup>th</sup> Edition
  - B. Reference: NATA Athletic Training Educational Competencies, 5<sup>th</sup> Edition
  - C. Attendance Policy: Regular class attendance (*via virtual or in-person*) is required of all students. Illness, college sponsored activities, funerals and jury duty are excused but you must have documentation. Your grade will be affected by your lack of attendance. **You, the student, are responsible for material missed during your absence.**

A student may be administratively withdrawn from the course when absences become excessive.
  - D. Phone/Electronic devices: Please silence and put away your phone. Many studies have found a cell phone to be an impediment to learning in class. Use of cell phones during class is disrespectful to the instructor and to your classmates who are distracted by the sights and sounds of you on your phone. Feel free to use a laptop/tablet, but ONLY for class related work. It is easy for the instructor to tell when you are doing something off topic and distracted from class.
  - E. Evaluating Policy: Care and Prevention of Athletic Injuries (KINE 2356) is a three-credit hour college level course. Evaluation is based class participation, quizzes, individual project and written examinations.

F. Grading Policy: The following scale will be used for grading (Blackboard is used to post grades):

Assignments & quizzes .....	25%
Sports injury project.....	25%
Written exams (3) .....	50%

Grade Scale:

A=100-90    B=89.9-80    C=79.9-70    D=69.9-60    F=59.9-00

Grades will be assigned on the scale presented above. There will be no rounding up a letter grade at the end of the course. Extra credit opportunities may or may not be made available during the semester. Any extra credit opportunities will be announced through Blackboard.

Quizzes & assignments are open for a week from the time of the end of each lecture. Late quizzes assignments are not accepted.

Make-up written exams are ONLY given upon instructor approval PRIOR to the exam. If you absolutely cannot be in class when an exam is scheduled, it is your responsibility to contact me *prior* to the scheduled exam with valid documentation. If you miss a scheduled exam due to illness or a last-minute occurrence, valid documentation may be necessary, and it is your responsibility to get in touch with me *w/in 24 hours of the missed exam* or a grade of zero will be automatically given for the exam.
